

SHETH L.U.J & SIR M.V COLLEGE
Data Visualization with Power BI and Tableau

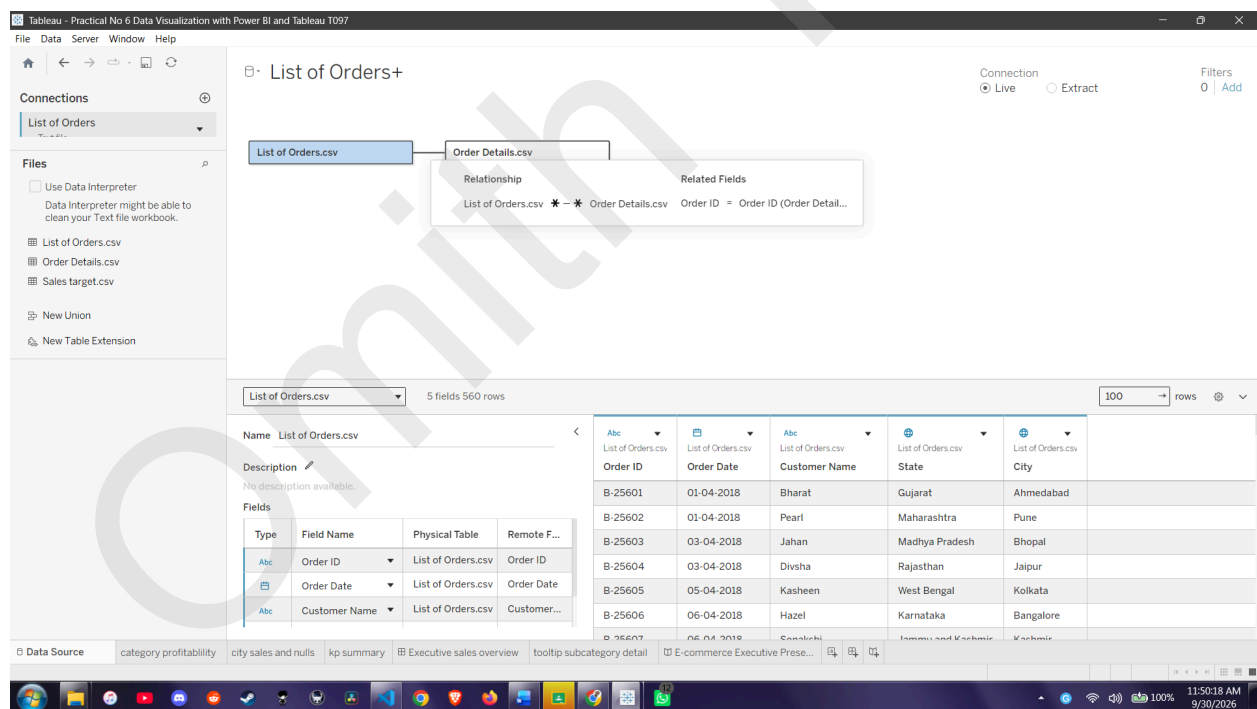

Practical No: 6

Aim: Designing Effective and Visually Appealing Dashboards

- a) Apply worksheet-level and workbook-level formatting
- b) Customize number, date, and null value formatting
- c) Design effective color schemes and layouts
- d) Create informative tooltips
- e) Implement "Viz in Tooltip"
- f) Improve readability and user experience
- g) Apply best practices for visual storytelling

Initial Data Setup

- In the **Data Source** tab, connect List of Orders.csv to Order Details.csv.

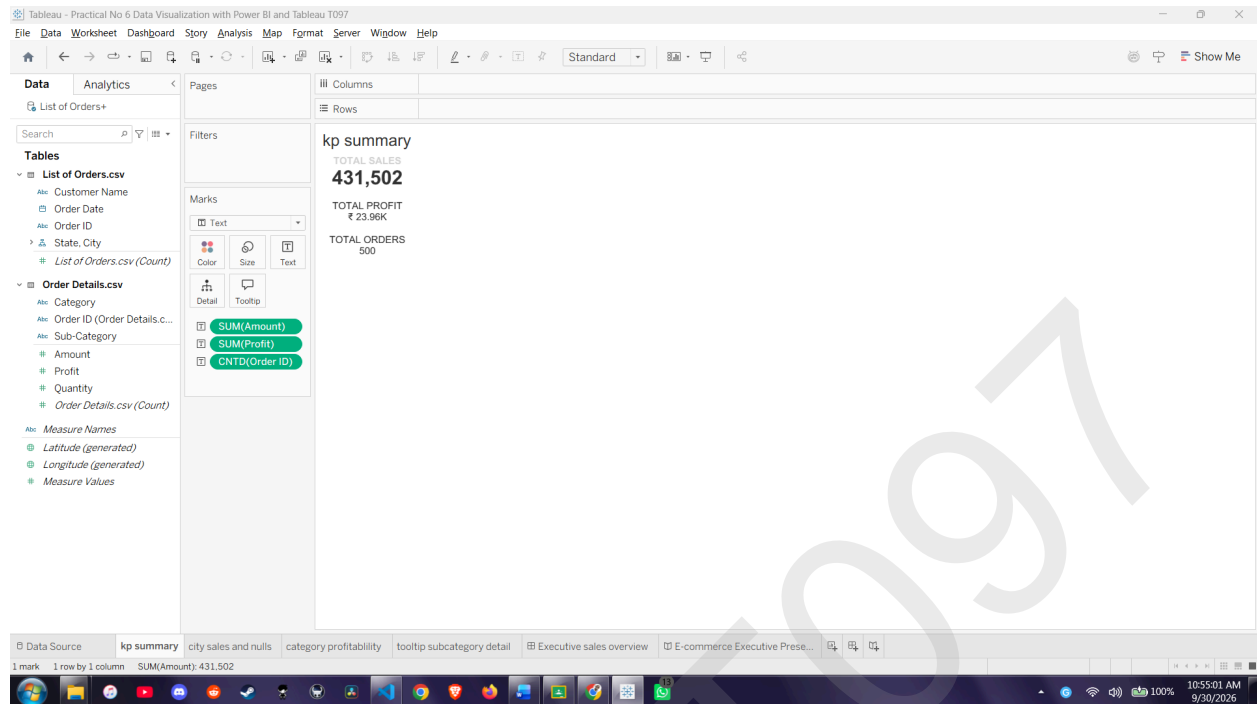

a) Apply worksheet-level and workbook-level formatting

- Open the **kp summary** sheet.
- Add Amount, Profit, and Order ID to the Text tile. Format with large numbers and clear uppercase headers (e.g., "TOTAL SALES").

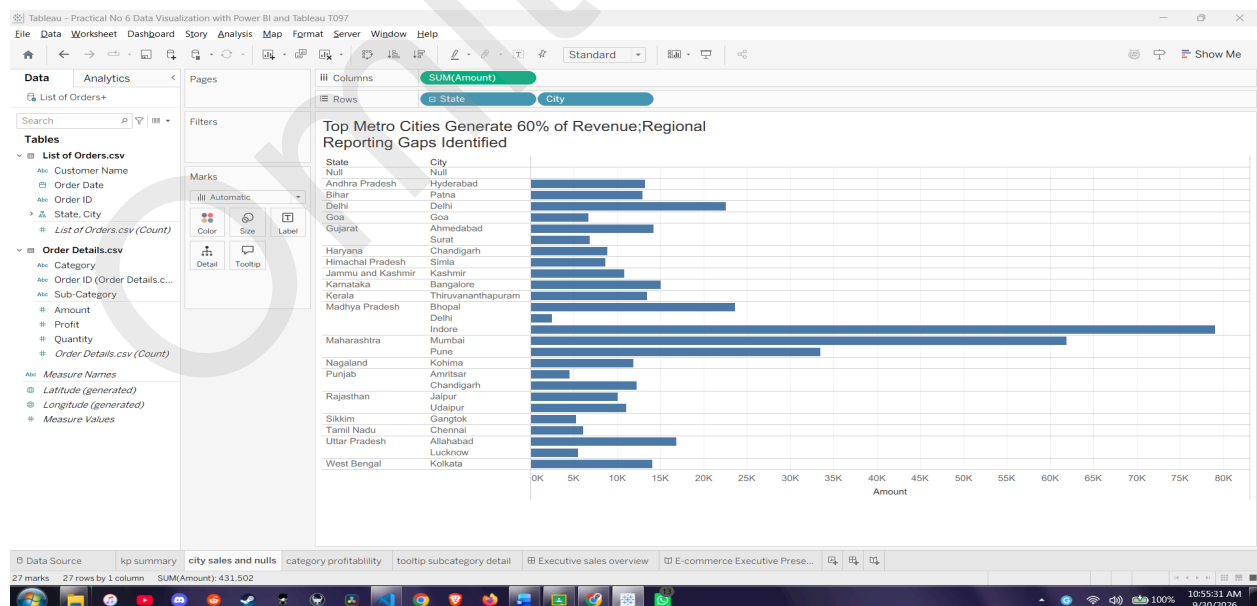

SHETH L.U.J & SIR M.V COLLEGE

Data Visualization with Power BI and Tableau

b) Customize number, date, and null value formatting

- Open the **city sales and nulls** sheet.
- Format Amount to Currency (₹) in thousands (K). Leave the "Null" dimension values visible to highlight reporting gaps.

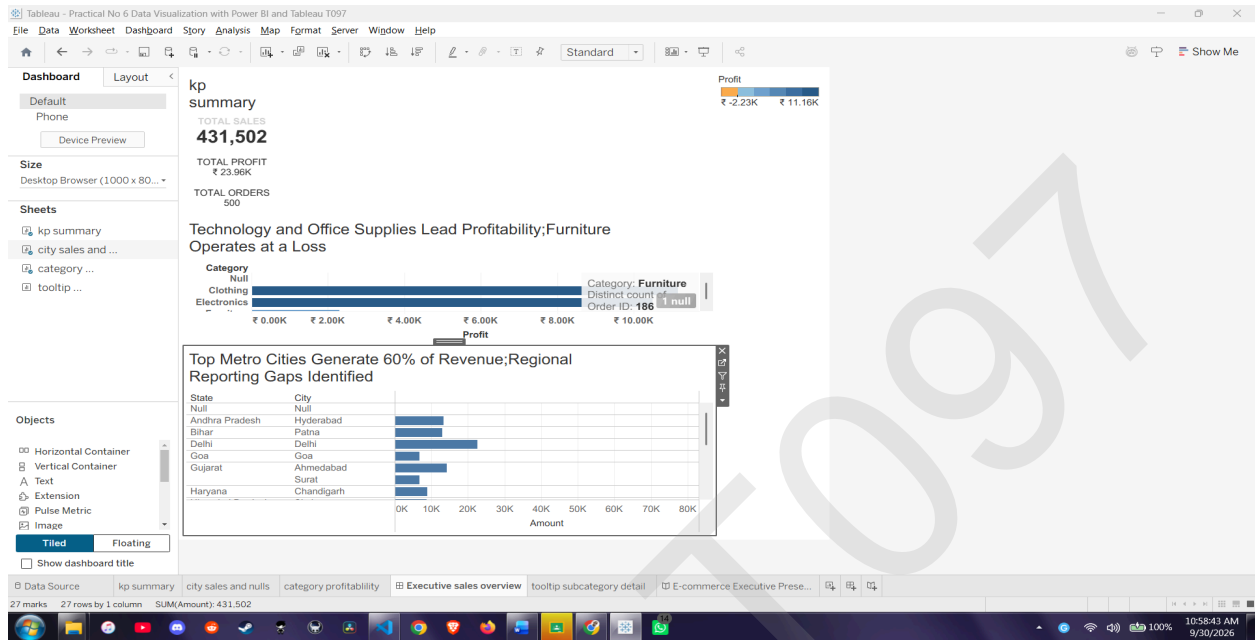

c) Design effective color schemes and layouts

T097

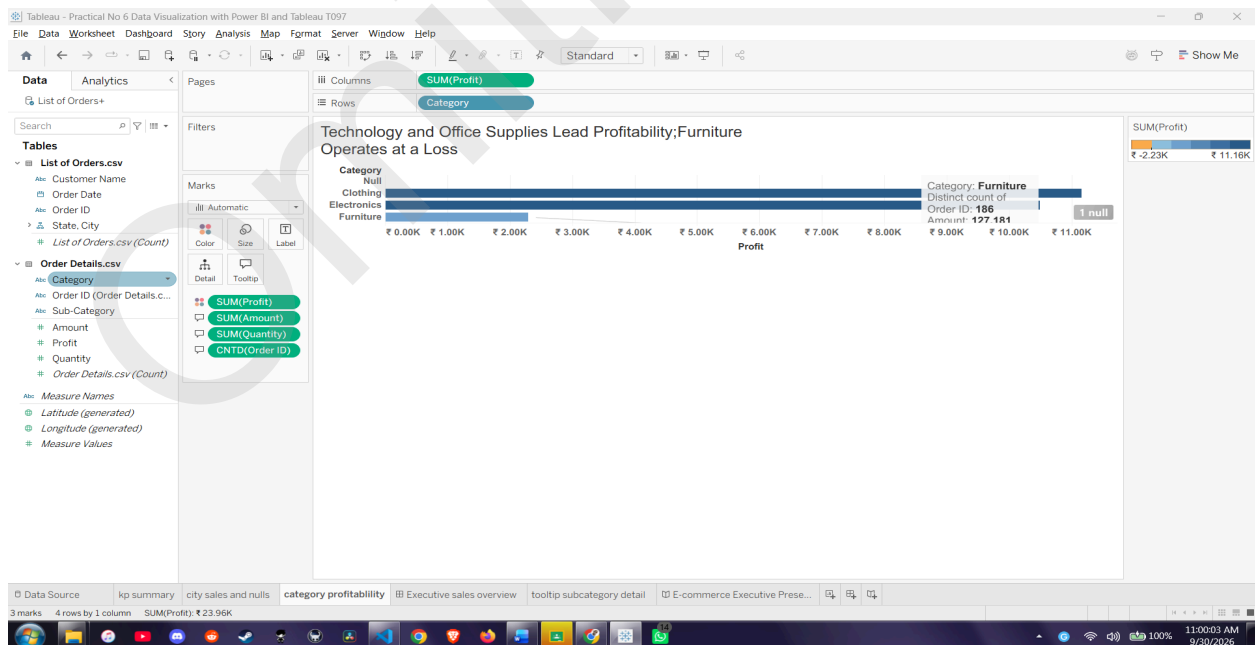

SHETH L.U.J & SIR M.V COLLEGE
Data Visualization with Power BI and Tableau

- Open the **Executive sales overview** dashboard.
- Arrange the three sheets together and ensure a diverging color palette (Blue-Orange) is applied to Profit.

d) Create informative tooltips

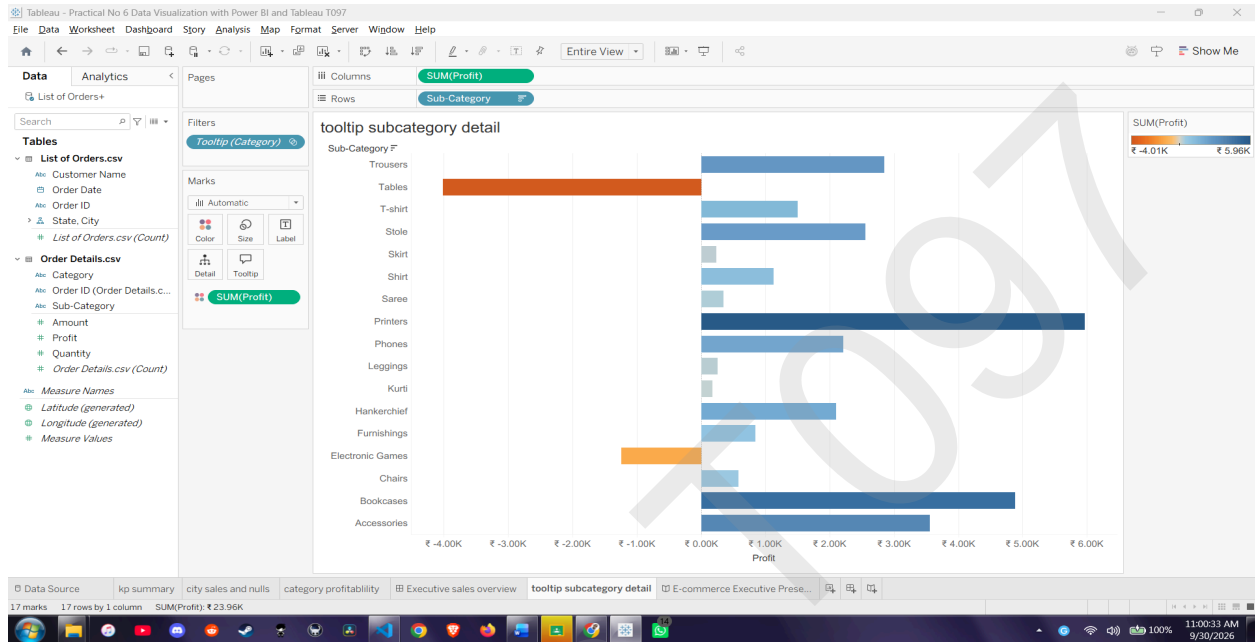

- Open the **category profitability** sheet.
- Click the Tooltip tile to format the text layout (e.g., bolding "Category:" and "Amount:").

Data Visualization with Power BI and Tableau

e) Implement “Viz in Tooltip”

- Open the **tooltip subcategory detail** sheet.
- Return to the **category profitability** sheet, click the Tooltip tile → **Insert** → **Sheets** → embed tooltip subcategory detail.

f) Improve readability and user experience

- Double-click the default sheet titles in **category profitability** and **city sales and nulls** and replace them with descriptive insights. (Note: No separate snapshot needed; these title changes are already visible in image_e0c458.jpg and image_e0c474.png).

Data Visualization with Power BI and Tableau

g) Apply best practices for visual storytelling

- Open the **E-commerce Executive Prese...** story tab.
- Drag the dashboard onto the canvas and add narrative text boxes to the story points at the top.
